HOW OUR FINANCING WORKS

Because we own the properties we sell, we're able to offer direct owner financing without going through a traditional bank. This means there are no loan applications, no credit checks, and no lengthy approval process, making it much easier for buyers to secure land.

After choosing a property, you can select the financing package that best suits your budget. Each option includes its own down payment and interest rate, and every purchase requires a \$249 closing cost. To reserve a property, the down payment along with the closing cost is required.

Once the payment is completed, we prepare your purchase agreement and send it to you electronically through PandaDoc. After the agreement is signed, the property is officially under contract and **you are free to begin using it right away.**

If you would prefer to visit the property before committing, we also offer a **two-week option agreement for \$500.** This temporarily reserves the property while you view it in person. If you decide not to move forward, the \$500 can be transferred to another property or applied as a credit.

There are **no penalties for early payoff**, and any extra payments go directly toward reducing your principal balance.
